

Walk through the reporting process for Barcelona Convention using Reportnet

Miruna Badescu, Giuseppe Aristei

Start on the SMAP Clearing House

- <http://smap.ew.eea.europa.eu/>
- Log in using your Eionet account and access the Med-Reportnet area
- If you don't already have an Eionet account, ask for a local user

Navigate to your country repository

- When you click on your country name, you will be guided to the appropriate repository

The screenshot shows the EIONET Central Data Repository (CDR) interface for Greece. The header includes the EIONET logo and navigation tabs for SERVICES, REPORTNET, TOOLS, and TOPICS. The breadcrumb trail indicates the user is in Eionet > CDR > Greece. The main content area is titled 'Overview' and 'Greece', showing a list of 'Envelopes and subcollections' with their respective dates. A navigation sidebar on the left includes links for Search, Global worklist, Notifications, and Help. A message box at the bottom left states: 'The login has been moved to the upper-right corner.'

Go to the Barcelona Convention collection

- First, enter the collection for United Nations reporting

- Then, enter the specific collection for the Barcelona Convention

Start your delivery by creating an envelope

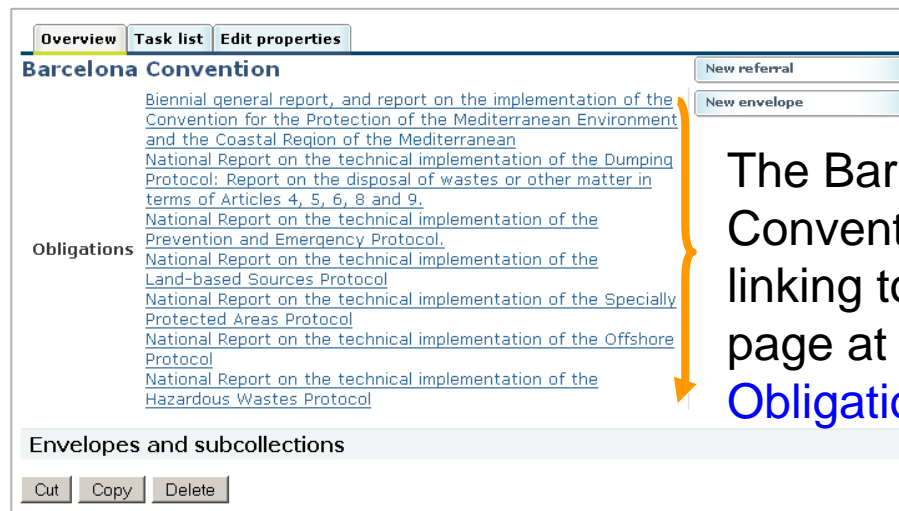

- Create:
 - an **envelope** if you want to deliver using Reportnet OR
 - a **referral** if you already delivered on another repository and you want your delivery to be found, searched and aggregated by Reportnet

The screenshot displays the Reportnet interface for the 'Barcelona Convention'. At the top, there are tabs for 'Overview', 'Task list', and 'Edit properties'. The main content area is titled 'Barcelona Convention' and contains a list of obligations with hyperlinks to various reports, such as 'Biennial general report, and report on the implementation of the Convention for the Protection of the Mediterranean Environment and the Coastal Region of the Mediterranean' and 'National Report on the technical implementation of the Dumping Protocol'. On the right side of the interface, there are two buttons: 'New referral' and 'New envelope'. Two orange callout boxes with arrows point to these buttons, with the top box labeled 'New referral' and the bottom box labeled 'New envelope'. At the bottom of the interface, there is a section titled 'Envelopes and subcollections' with 'Cut', 'Copy', and 'Delete' buttons.

Reporting obligations

- Your delivery will be responding to all the reporting obligations included in the Barcelona Convention
- The **obligations** are listed in this collection

The screenshot shows a web interface for the Barcelona Convention. At the top, there are three tabs: 'Overview' (selected), 'Task list', and 'Edit properties'. Below the tabs, the title 'Barcelona Convention' is displayed. To the right of the title are two buttons: 'New referral' and 'New envelope'. The main content area is titled 'Obligations' and contains a list of links to various reports and protocols, including the Biennial general report, National Reports on the technical implementation of the Dumping Protocol, Prevention and Emergency Protocol, Land-based Sources Protocol, Specially Protected Areas Protocol, Offshore Protocol, and Hazardous Wastes Protocol. At the bottom of the interface, there are three buttons: 'Cut', 'Copy', and 'Delete'.

Start delivering ...

- Use the Eionet **testing** repository <http://cdrtest.eionet.europa.eu> for practice

- Log in using the credentials:

username: **reporter**

password: **r**

The screenshot shows the EIONET CDR Testing website. A yellow box highlights the 'Login information' text in the top right corner, with an orange arrow pointing to it. The page content includes a navigation menu with 'SERVICES', 'REPORTNET', 'TOOLS', and 'TOPICS'. Below the menu, there are sections for 'Services' (Search, Notifications, Help), 'By country' (listing various European countries), 'By obligation', and 'Global workload' (listing various test reports). A message box states: 'The login has been moved to the upper-right corner.' The footer indicates the document was last modified on 2008/06/17.

- **No data that you post here will be taken under consideration - use this testing area to get acquainted to the system**

Create an envelope

- Fill in a **title** and the **period** it refers to
- Additionally, you can add a geographical **coverage note**

Add Envelope

Fill out the fields in this report profile and click *Add*. This will create an *envelope* into which you make the delivery.

Coverage note

Activate the drafting task

- Enter the envelope and activate the **Draft** task

The screenshot shows a web interface for 'Test for Barcelona Convention reporting'. It has tabs for 'Overview', 'Edit properties', and 'History'. The main content area is divided into sections: 'Description' with a long text block of links, 'Obligations' with several links, 'Period' (2008 - Whole Year), 'Coverage' (Greece), and 'Status' (Task(s) waiting to be assigned: **Activate task: Draft** (Draft delivery)). On the right side, there are two buttons: 'Zip Envelope' and 'Activate task'. An orange callout box points to the 'Activate task' button with the text: 'Click on "Activate task: Draft" to reserve this job'.

- Other users will not be able to intervene until you:
 - **complete the task** in which case the system will move forward to the next step in the reporting process – **or**
 - **deactivate the task**, which keeps the work already done and makes it possible for someone else to take over the task

Who works on the envelope ?

- During the time someone works on a task, his/her colleagues are able to see this by consulting the **Status** of the envelope

Status Task(s) in progress: **Draft** (user: reporter)

- For further information on the work in progress and previously done, take a look at the **History** tab of that envelope.

After activation

A new tab appears in the envelope, dedicated to this task

You see guidelines for creating your delivery online or uploading other files

All the files will be listed in this section

The screenshot shows a web interface for reporting on the Barcelona Convention. At the top, there are tabs for 'Barcelona: Envelope draft', 'Edit properties', and 'History'. Below the tabs is the title 'Test for Barcelona Convention reporting'. On the right side, there are four buttons: 'Add file', 'Upload zipfile', 'Complete task', and 'Deactivate task'. The main content area contains a list of seven protocols, each with a text box for adding an empty report and a link to start filling it online with webforms. The protocols are: Barcelona Convention, Dumping Protocol, Prevention and emergency protocol, Land Based Sources and Activities Protocol, Specially Protected Areas and Biodiversity Protocol, Offshore Protocol, and Hazardous Waste Protocol. Below the list, there is a paragraph explaining that work can be interrupted and resumed later. At the bottom, there are two sections: 'Files in this envelope' (showing 'No files uploaded') and 'Feedback for this envelope' (showing 'No feedback posted in this envelope').
